

# Executive Summary

Biodun and Ibikunle Foundation is a non-governmental organisation operating out of Lagos, Nigeria. Founded in 2019, we started operating in the same year and are duly registered with the Corporate Affairs Commission.

# Our Philosophy

We are driven by a philosophy to change the world one business at a time, one child at a time, and one family at a time.

# Our Vision

To engage the entrepreneurial space in Africa and convert potential SMEs into emerging corporates for global influence

# Our Programs/Impact

The Biodun and Ibikunle Foundation has 3 focal points which are all part of the Sustainable Development Goals (SDGs).

**Entrepreneurship**

**Education**

**Health**

# SUSTAINABLE DEVELOPMENT GOALS

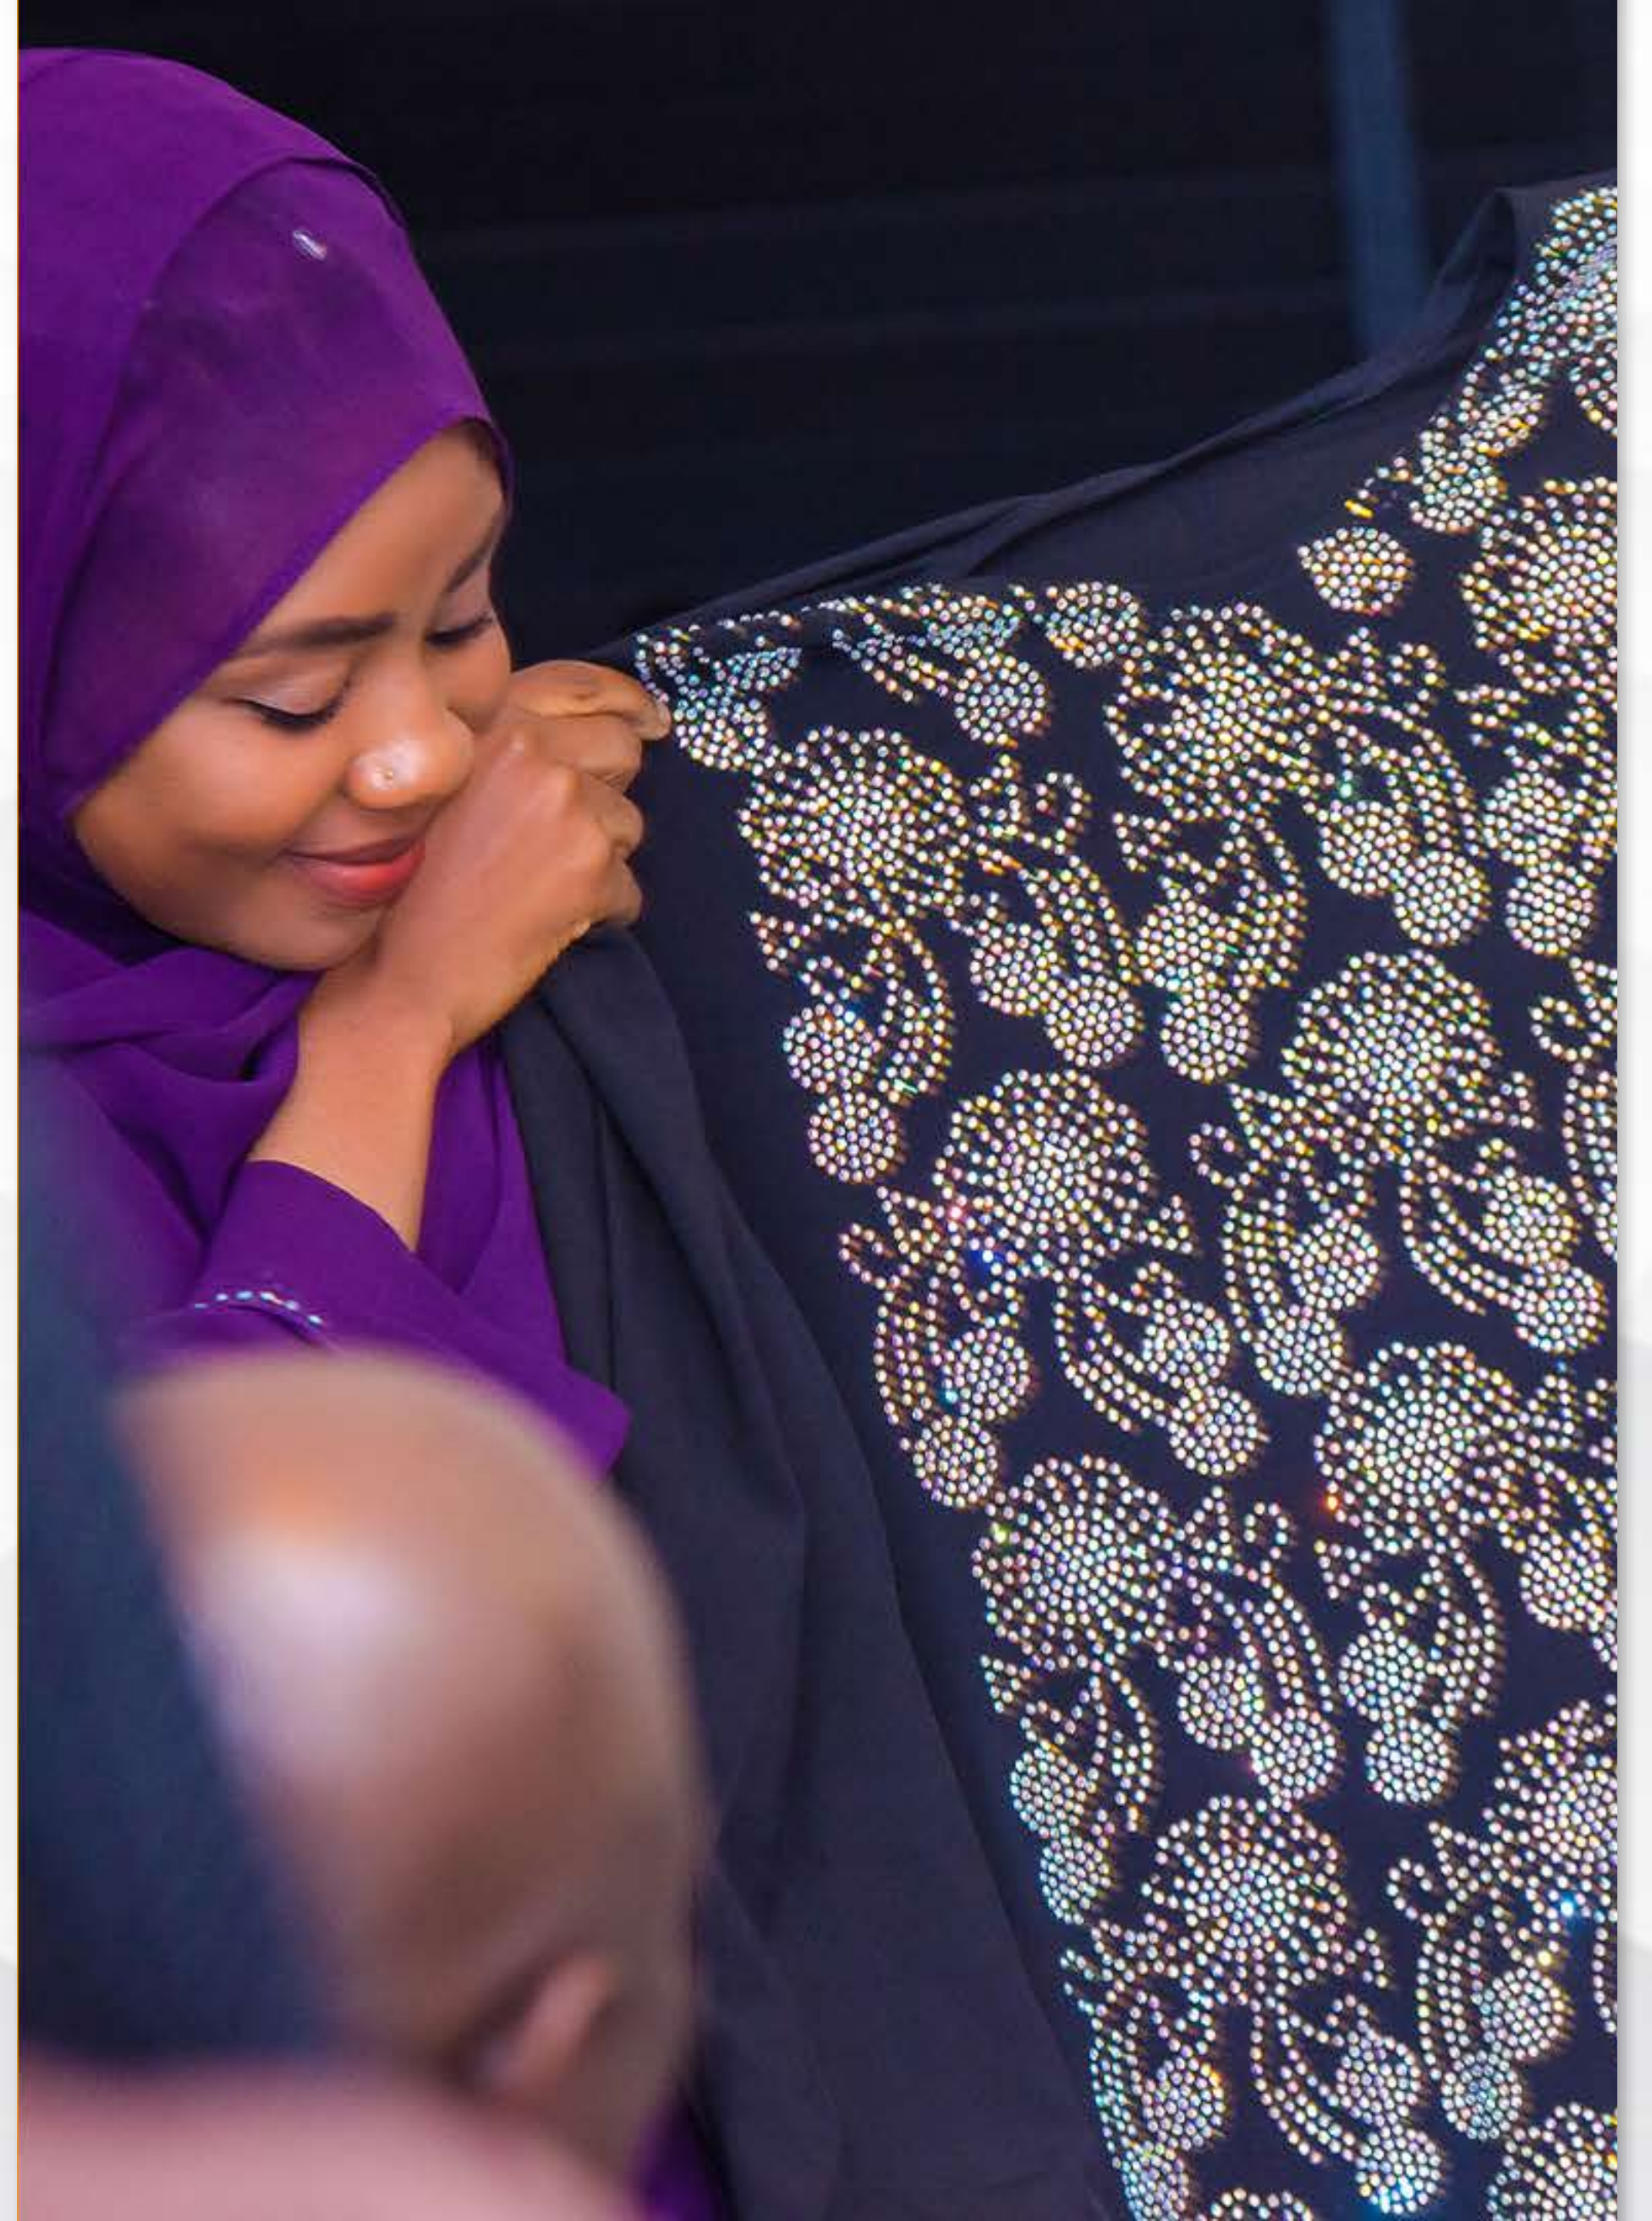

# Entrepreneurship

## SEEDINVEST Program

The SEEDINVEST Program is dedicated to empowering MSMEs by providing them with asset grants for their businesses. Since 2019, we have supported over 80 entrepreneurs across Nigeria with equipment for their businesses. This asset support has had varied impacts on the supported businesses, which includes growth, efficient and effective production process and employing more staff to meet increased demand.

## Education

Through the **School Kit and Campus Kit Programs**, which are targeted at primary, secondary and tertiary education across Nigeria, **we are working towards providing quality education for every Nigerian child.**

With the **School Kit Program**, we are sponsoring 4 pupils of the Bethesda Child Support Agency through their primary school education. In same 2019, we donated a complete computer system to Notre Rehoboth Schools in Ikorodu, Lagos. We have also donated school supplies such as backpacks to over 100 school children in Lagos.

In 2021, we introduced a **School Intervention Grant** through which we provided a computer and projector set to the school.

# Education

Our **Campus Kit Program** was launched late 2021 with a focus on supporting students in public tertiary institutions across Nigeria. The program is three-pronged and includes the:

## i. School Fees Intervention Scheme (SFIS)

The scheme provides school fees support to qualified, privileged students of public tertiary institutions in Nigeria. We have paid fees for 7 students in 2021.

## ii. Undergraduate Entrepreneurship Incubation Program (UEIP)

This supports existing student entrepreneurs with unique business models with asset grants to drive their businesses. The maiden cycle of the program held in the first half of 2022 and 4 student entrepreneurs got asset grants for their businesses.

# Education

## iii. Digital and Tech Development Skills (DTDS)

With this, we aim to provide undergraduate students with opportunities to acquire digital/tech skills outside of their course syllabi. This is fused with the UEIP.

# ■ Health

## HealthWize Program

HealthWize is focused on providing affordable healthcare to underserved persons. We have an ongoing partnership with **Crimson Bow Sickle Cell Initiative**, a sickle cell organisation, to provide medications for patients who attend their monthly sickle cell clinics. The average number of attendees at these clinics range between 50 and 57 monthly.

## **Other Interventions**

Our interventions are however not limited to the above. In our over two years of operation, we have:

- Donated food supplies to over 2,000 families in Lagos State during the COVID-19 lockdown in 2020,
- Provided a borehole water facility to Arrows of God Orphanage in Lagos,
- supported the creative arts sector,
- Provided 8 interested women with the opportunity to acquire tech skills.

# OUR IMPACT

Over **60**  
businesses  
supported

Over **2000**  
families fed

**11** Students  
sponsored  
academically

Over **100**

**Chioma Ezenwanne**  
***PROGRAMS COORDINATOR,***  
***CAMPUS KIT***

**Chioma Ezenwanne** is the program coordinator of Campus Kit – an initiative of Biodun and Ibikunle Foundation, accountable for overseeing the overall administration and growth of the program. She has over four years of working experience in the non-profit, and for profit sectors.

During her career, she has built a reputation for operational excellence, strategic thinking, and is relied upon as an ethical and dependable support specialist and leader that blends advanced organizational, technical and business acumen.

She began her career as an Executive Assistant, where she developed and nurtured working relationships with colleagues and clients, with the greatest level of integrity, professionalism and discretion. Shortly after, she moved to the non-profit space to become a program officer in charge of developing and maintaining relationships of key partners in Bethesda Child Support Agency.

She efficiently pioneered and directed start-up and growth operations at Avale Africa – a fast growing Fintech company, with a focus on developing partnerships and endorsements. Her expertise in identifying market segments and communication to serve the needs of companies through business development has delivered outstanding results throughout her career.

In addition to her work in these organisations, she is particularly passionate about driving positive social impact and she displays this commitment by deploying her experience to supporting innovation and building strong communities in the non-profit sector.

She holds a degree in Geological Sciences from Nnamdi Azikiwe University.
